SUMMARY

Creative and detail-oriented freelance designer, web developer, and photographer with a strong passion for crafting user-centered digital experiences. Skilled in UI/UX design, visual storytelling, and responsive web development. Proficient in tools such as Figma, Adobe Photoshop, Illustrator, Premiere Pro, and Canva. Experienced in camera operation, post-production, and brand-focused design across digital platforms. Driven by curiosity, aesthetics, and purposeful design to deliver impactful creative solutions.

PROJECTS

- Randula Jey Photography** **May 2025**
- Freelance Website Development | React.js, TailwindCSS, SEO Optimized
 - Developed a modern, responsive photography portfolio website for showcasing high-quality albums and client feedback. Focused on clean UI/UX and fully implemented on-page SEO best practices to improve Google visibility.
- IEEE CS KDU Official Website** **March 2025**
- Official University Club Website | React.js, TailwindCSS, SEO Optimized
 - Independently designed and developed the official website for IEEE Computer Society – KDU. Built with React and TailwindCSS, optimized for performance and SEO, and structured for easy content updates and scalability.
- UniBoard | Boarding Finding System** **Nov 2024**
- Created an online system for students to search and book boarding places. Features include dynamic listings, secure payments, booking management, and real-time UI updates using Redux.
